To whom it may concern:

It is my pleasure to recommend Zhiyuan Wang who been a part of the IT advisory board at the University of Waterloo. I worked with Zhiyuan during their time with our IT Advisory Board. The IT advisory board allows students to help guide IT decision making on campus, express their concerns related to the services we provide and share possible solutions to these concerns openly with employees who work in IST. Zhiyuan has joined each of our meetings which started the beginning of the term in January 2019 and has made significant contributions to our group. I am impressed with the ideas that Zhiyuan has given, as well their active listening to the ideas of others. We would like to wish them the best of luck in all their future endeavors, academically and professionally. If there are any questions regarding her/his reference, please feel free to contact me at any time by email at mharford@uwaterloo.ca

Yours Sincerely,

Matthew Harford
